

# 2<sup>nd</sup> CALL FOR PAPERS

[www.promethee-days.com](http://www.promethee-days.com)

Paper submission:

<http://easychair.org/conferences/?conf=pd2021>

**Hybrid-PROMETHEE Days 2021**

**October 12-14, University of Macedonia, Thessaloniki, Greece**

**Main Theme: PROMETHEE after Covid-19**

In 2021, the **PROMETHEE Days** return to Greece. Close to Mount Olympus! Close to **PROMETHEE** homeplace.

The **PROMETHEE Days 2021** workshop is hosted by Professor Jason Papathanasiou at the University of Macedonia in Thessaloniki (<https://www.uom.gr/en>), Greece, from October 12 to 14, 2021. It is a great opportunity to share your **PROMETHEE** experience with **PROMETHEE Community's** fellows.

We welcome invited lectures from two distinguished speakers:

- **Professor George Aretoulis**
  - Aristotle University of Thessaloniki, Greece
- **Professor Jelena Stankovic**
  - University of Nis, Serbia

**Papers** related to theoretical developments, comparative analyses or practical applications of the **PROMETHEE** methods are **welcome**.

The best paper presented during the **PROMETHEE Days 2021** workshop will be granted the 8<sup>th</sup> annual « **Jean-Pierre Brans PROMETHEE Award** » and all participants will have the opportunity to submit full versions of their papers for a special issue of a dedicated journal or for post-proceedings.

The **PROMETHEE Days** workshops aim to provide a communication platform for scholars, researchers, developers, specialists and other professionals in the related areas of multicriteria decision making to get together and to exchange ideas, share experiences, discuss key issues, and identify future research and development directions.

The **PROMETHEE Days 2021** workshop will focus on the post-Covid-19 world. **2020** has been a terrible year for all of us. We had to switch to **e-PROMETHEE Days 2020** and were not allowed to meet in Rabat. We hope that most of us will be able and allowed to travel to Thessaloniki in October. However, it is difficult to make forecasts, the international health situation is still difficult, and our workshop will thus be **hybrid**:

- We are working hard to have an as large as possible physical on-site presence at Thessaloniki. This is essential to maintain our **PROMETHEE Community** alive.
- We will also allow for online Zoom participation, for those of us who are not allowed to or prefer not to travel to Greece in October.

In this context, key topics of interest include (but are **not limited** to):

- Multicriteria Decision Aid, Decision Support Modeling, Data Visualisation and Decision Making/Support, Collaborative Decision Making
- Application Models and Systems: Agricultural, Environmental, Farming, Water Resources, Livestock, Fisheries, Warehouse, Sustainable Forest and Rangeland Management, Food Processing and Supply Chain Management
- Case Studies involving any of the above issues.

**Paper submission:** We welcome paper submissions as abstracts (maximum 1 A4 page) by the **August 2<sup>nd</sup>, 2021, deadline**. The submission handling and reviewing of papers for the **PROMETHEE Days 2021** workshop are done through the EasyChair Conference System. The link for paper submission is:

<http://easychair.org/conferences/?conf=pd2021>

**Publication:** As for previous **PROMETHEE Days** workshops, accepted papers may be published through various means, including post-proceedings and special issues in MCDM related journals. More details announced later.

#### **Important dates:**

- |  |  |
|--|--|
| • <b>Paper submission deadline:</b>    | <b>August 2<sup>nd</sup>, 2021.</b>    |
